**Back ground and experience**

**Please briefly present the partner organisation**

Jordan Youth Potential (JYP) is a Jordanian non-profit, non-governmental organization established in 2023 as the result of the needs of youngsters to participate actively into the society. committed to unlocking the boundless potential of young minds. Focusing on women and youth with fewer opportunities through innovative programs and tailored resources, we work on creating transformative opportunities that inspire, educate, and propel today's youth towards a future of excellence. Our unwavering mission is to cultivate leadership, foster creativity, and instill a strong sense of purpose, ensuring that everyone is equipped with the skills and confidence to navigate a dynamic world.

Our target groups are young leaders ages 15-35, males & females, from all the governorates of Jordan as well as internationally and we ensure the support of youngsters from fewer opportunities to get to their full potential.

**What are the activities and experience of the organisation in the areas relevant for this application?**

Our mission is to increase the quality participation for the youth and their inclusion in the society by taking action locally and internationally; and to focus on youth potentials as a base for their development; and to promote our visions of equality, non-violent communication, social inclusion and collaboration.

**What are the skills and experience of key staff/persons involved in this application?**

JYP structure and teamwork is essential in our work to arrange youths and programs. Our staff knows the importance of knowledge. Having been part of many cross-community projects in Jordan and international projects, they have the skills and tolerance to participate and organize in any national or international related projects. Our youth workers are keen to contribute positively and share experience. with other participants from different countries  
We are keen to improve the skills and the abilities of our youth and youth worker to transfer knowledge, as well as developing themselves on a holistic level.
